

# 2019 US INDOOR SKYDIVING OPEN NATIONAL CHAMPIONSHIP AT IFLY VA BEACH

## BEST TRICK RULES

### OBJECTIVE:

Determine the Best Trick flyer in real time after a panel of 2-3 judges score 3 battle rounds. This requires competitors to throw their most impressive trick without the guarantee of a second chance.

### ROUNDS:

- 3 total rounds, maximum 30 seconds per round.
- Time begins when both feet of the competitor have left either the net or the antechamber floor, and the competitor begins flying.
- Time concludes when competitor has exited the tunnel door.

Qualifier Round 1: All competitors fly one round. After all scores are calculated, the top 50% of competitors move on to Round 2. The bottom 50% are disqualified.

Semi-Finals Round 2: The Top 50% of competitors fly in reverse order of standings. After all Round 2 scores are calculated, the top 3 competitors move on to Round 3.

Final Round 3: The Top 3 competitors fly in reverse order of standings. The best trick performed wins, and the winner takes all.

### JUDGING & SCORING:

- Routines/tricks can differ or be repeated for each round.
- Routines/tricks will be scored on a 1-10 scale in three categories:
  - Difficulty: How difficult is the trick?
  - Execution: How is the trick executed? (start, control, style, ending)
  - Creativity/Entertainment: How new/innovative is the trick? (wow factor)
- Rounds scores will be averaged of the three categories, as decided by each judge. The average score from each judge will be summed to give a score of up to 20-30 points/round.
- BUSTS are making contact with the walls, net, or door frame during a trick. Penalty for each bust is a loss of 2 points in execution.
- TIES affecting whether someone will move on to the next round will be determined by:
  1. Having no/fewer busts than other competitor(s)
  2. Sudden death: an additional 30 second battle round. Competitors must perform the same trick from the battle in which was tied. Best trick during sudden death will win the battle and the tie.

### VIDEO RECORDING:

Video will be recorded from side, top, and bottom views. Judges will not watch video footage. No challenges allowed. Video will be available solely for competitor use after the fact.

(FOR JUDGES USE ONLY)
